Commissioner for Patents

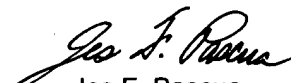

Receipt is acknowledged of a request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e) and a submission, filed on 06/07/2006. The submission, however, is not fully responsive to the prior Office action because the submission only includes an information disclosure sheet. Applicant's submission will not be considered a bona fide attempt to provide a complete reply to the final Office action, mailed 03/03/2006, and the period for reply will NOT be tolled. See MPEP 706.07(h)VI.

The decision by the Examiner, mailed 08/29/2006, to grant the petition to suspend prosecution, filed on 06/07/2006, is vacated and the Examiner's current decision is as follows:

Applicant's petition to suspend action, filed 06/07/2006, is denied since reexamination of U.S. Patent No. 6,347,885, which applicant has copied claims for purposes of provoking an interference, is not complete. See 37 CFR 41.102.

Furthermore, because a reply by applicant to the final Office action, mailed 03/03/06 is outstanding, for the reasons discussed above, applicant's petition to suspend action under 37 CFR 1.103(a) is denied.
